

EXCEPTIONAL DOORS FOR THE MODERN INTERIOR

Creating a modern home is one of the most exacting architectural styles to achieve. When distilling a home to its simplest form, doors play a critical role in the interior design. We created our Tru&Modern Collection with this in mind.

From simple to bold, we offer the broadest line of made-to-order, handcrafted, modern doors so you can capture your exact vision.

TMF SERIES MODERN FLUSH

TM SERIES STACKED RAIL

TMIR SERIES INFINITE RAIL

TMP SERIES MODERN PLANK

TIERED MOULDING

TMF1000 Flush Door in Walnut
with Nutmeg Finish

CUSTOM RESIDENTIAL FLUSH DOORS

BEAUTIFULLY SIMPLE

All other flush doors just don't deliver the refinement required for today's modern interior. TruStile flush wood doors feature $\frac{1}{16}$ " thick hand-selected veneers, precision-matched to optimize the beautiful character found across each species of natural wood.

DISTINGUISHING FEATURES

- Hand-matched $\frac{1}{16}$ " veneers are available in both horizontal and vertical grain
- A highly engineered core provides stability for the door while the matching hardwood edge provides a beautiful finish
- Made to order in sizes up to 4' x 10'
- Available in over 15 standard species as well as paint-grade MDF

TMF1000 Flush Door in Plain Sawn
White Oak with Grey Mist Finish and
Matching Casing-Less Jamb

HAND-MATCHED PAIRS

THE PERFECT MATCH

When hand-matching veneers for pairs, TruStile treats the pattern as though it was covering one extra-wide door. This creates a continuous grain pattern across the width of both doors.

TMF1000 Flush Doors in Walnut
with Cappuccino Finish and
Matching Casing-Less Jambs

THE MODERN BEDROOM

SLEEK YET SOULFUL

The flush walnut doors with casing-less jambs define subtle sophistication with these luxurious side-by-side entrances to the master bath and closet.

TMF1000 in Mahogany with Ebony Finish

Achieve the Look

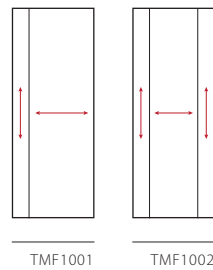

Modern is all about distinctive details and they don't stop at the door. TruStile offers a modern jamb system to match the species and finish of your door. Concealed hinges are available with everything fully prepped at the factory.

TMF1000 Flush Doors in Rift Sawn White Oak with Hazelnut Finish

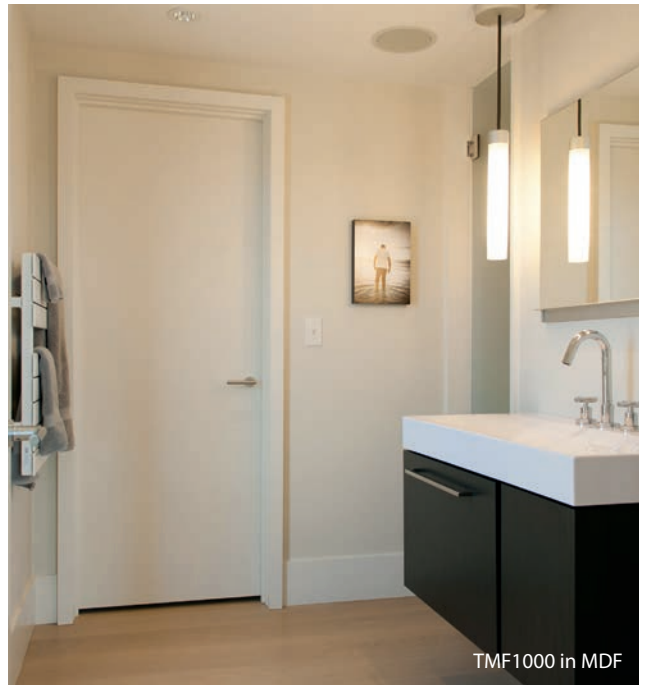

TMF1002 in Walnut with Clear Coat Finish

Sketch Face Doors

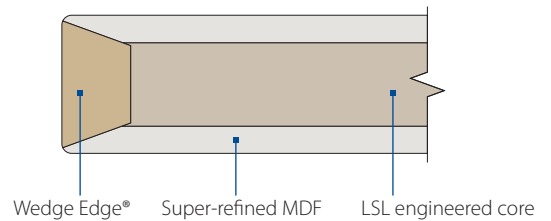

TruStile offers two door styles that combine hand-matched vertical and horizontal veneers on the same face. Our new Sketch Face designs can bring a new level of sophistication to your project.

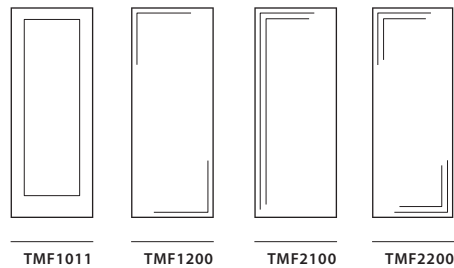

TMF1000 in MDF

MDF Flush Doors

- Highest quality, super-refined MDF creates a smooth paintable surface.
- A highly engineered core provides stability for the door while the patented Wedge Edge® provides a secure mount for hardware.
- Made to order in sizes up to 4' x 10'.

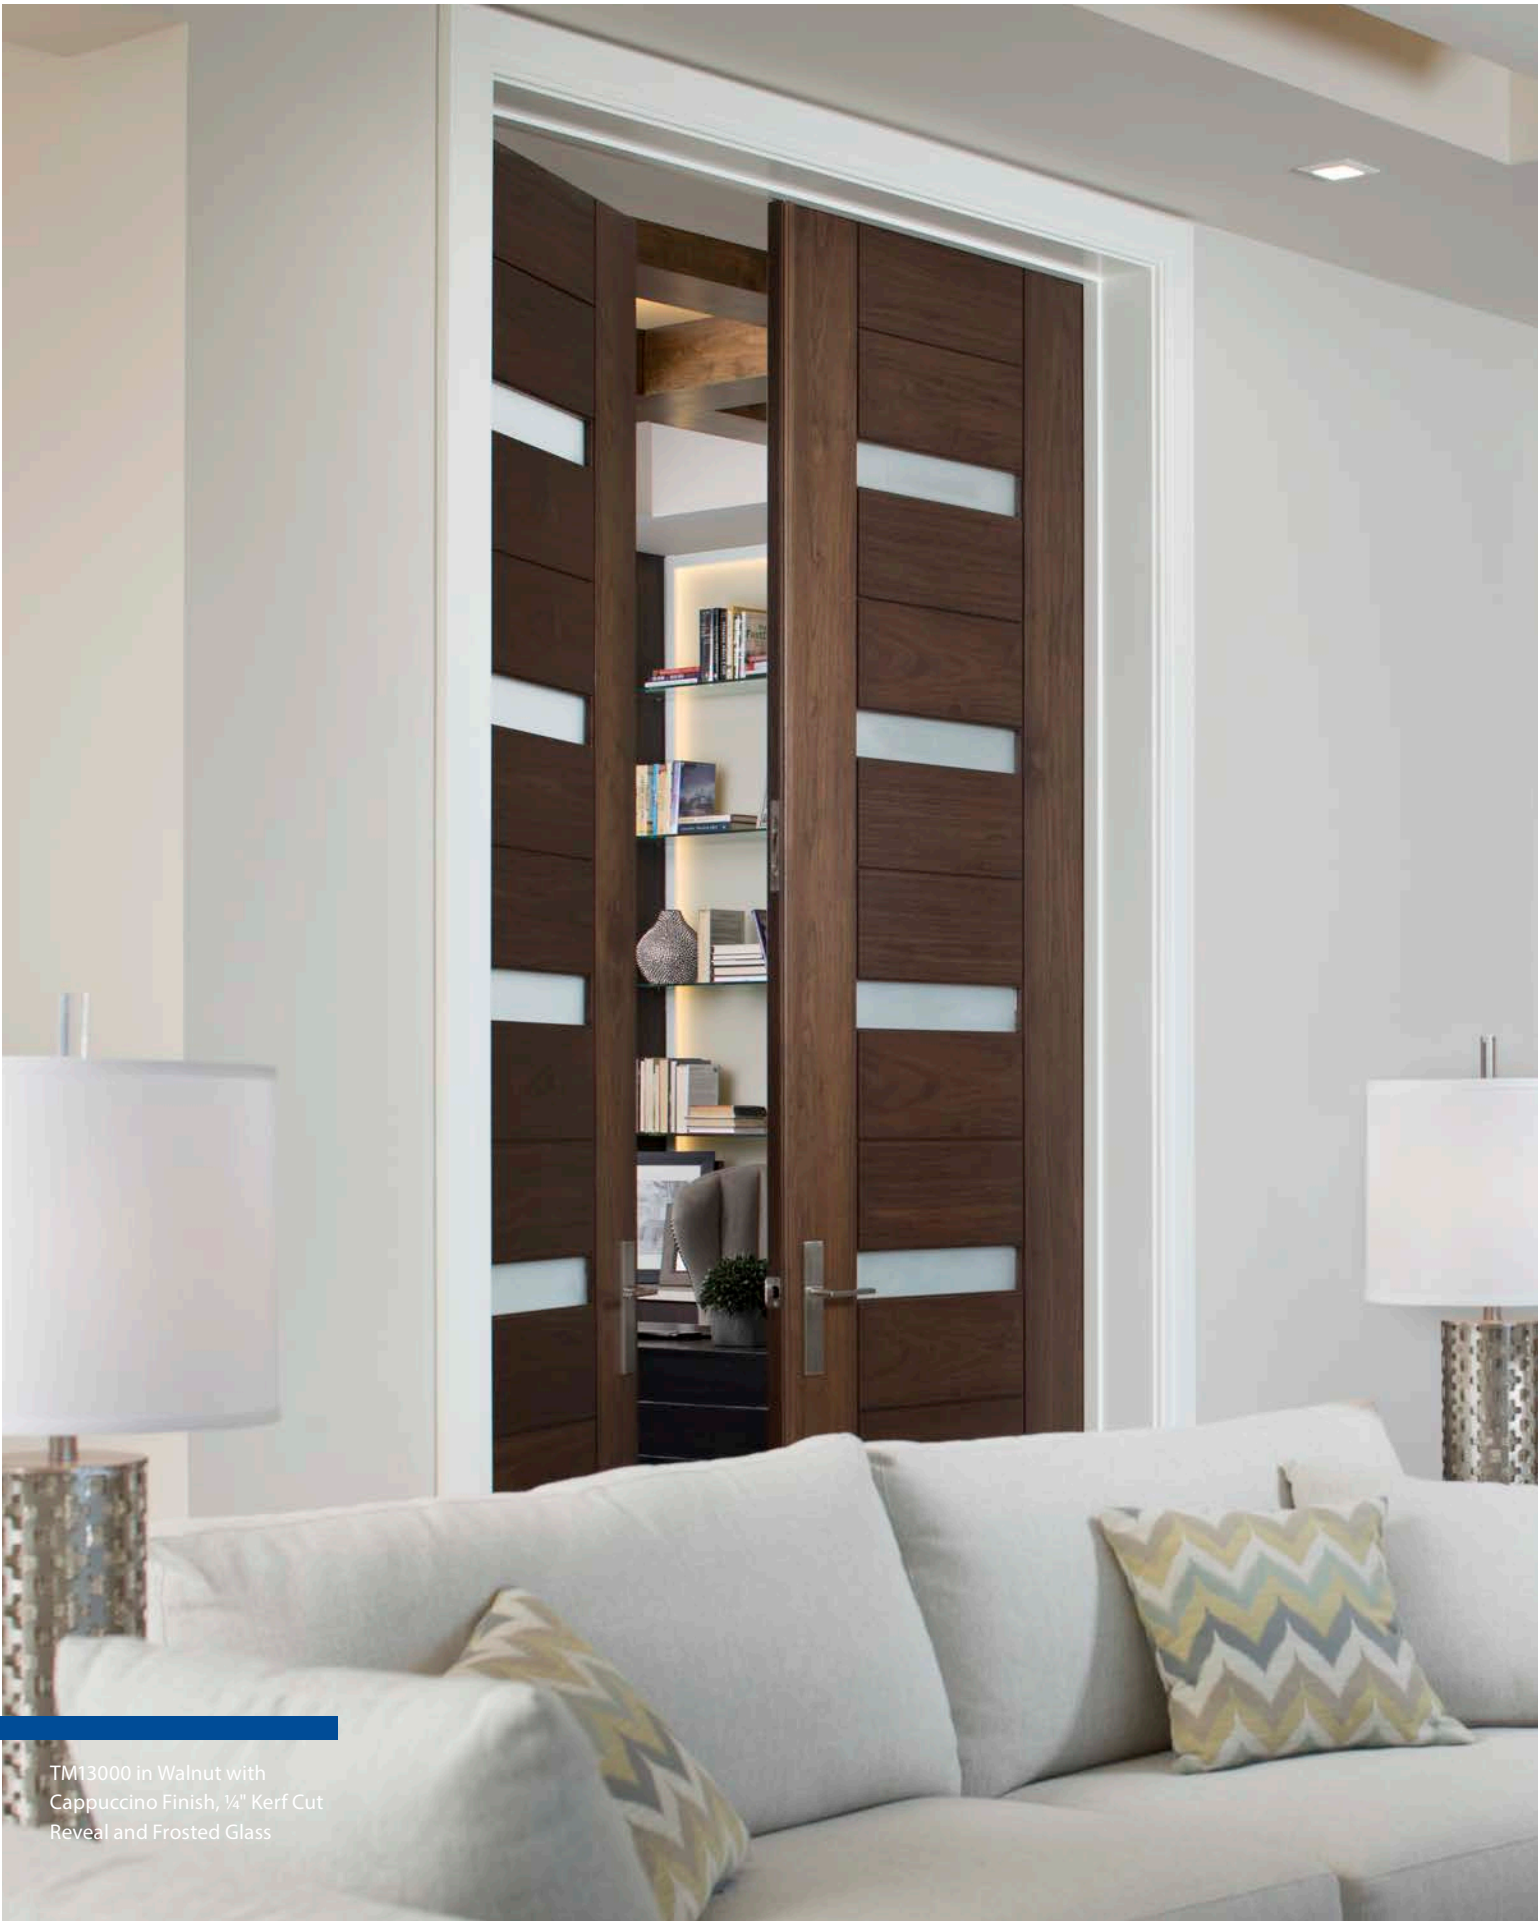

TMF2200 in MDF

Accent on Simplicity

MDF flush doors feature four additional door styles that add subtle flourishes.

UNIQUE DESIGNS MAKE A STATEMENT

TM Series Door Collection

The Tru&Modern™ (TM) Door Collection consists of over 100 contemporary door styles. A modern take on classic stile and rail door construction. Clean, strong lines. Custom design options. Bold accents. This collection radically alters the concept of what a door can bring to today's modern and contemporary interiors.

DISTINGUISHING FEATURES

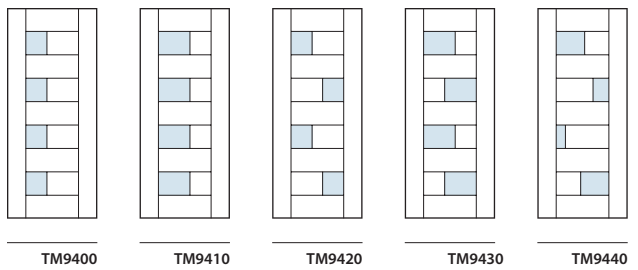

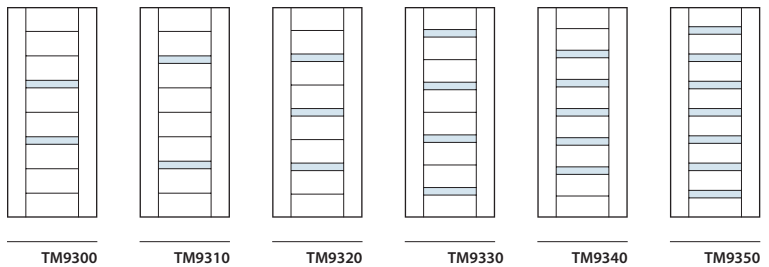

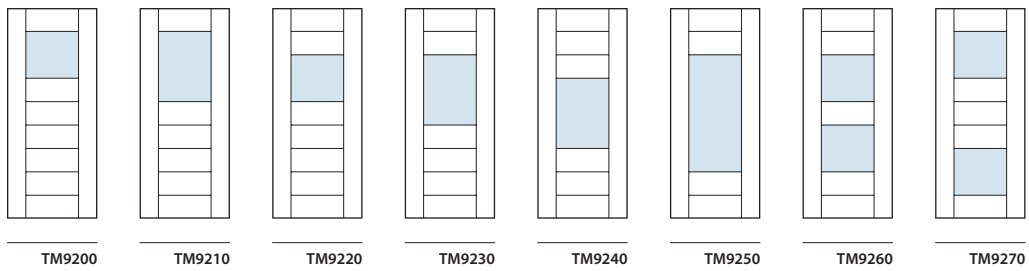

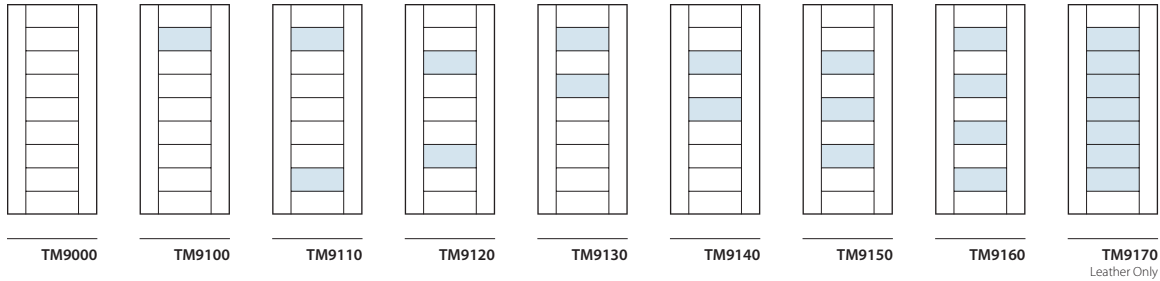

- Radius & kerf cut reveal options
- Glass, metal and leather insert options
- Made to order in sizes up to 4' x 10'

TM9430 in Walnut with Nutmeg
Finish and Flow Glass

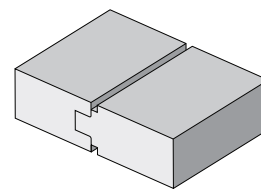

TM Series Door Styles

9-Rail Stacked Rail Door Styles

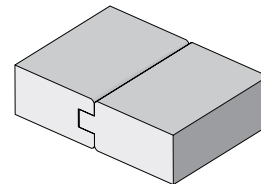

Reveal Options

TM series stacked rail door designs are available with two reveal options:

1/8" Radius Reveal
Subtle, dimensional look

1/4" Kerf Cut Reveal
Bold, sharp lines

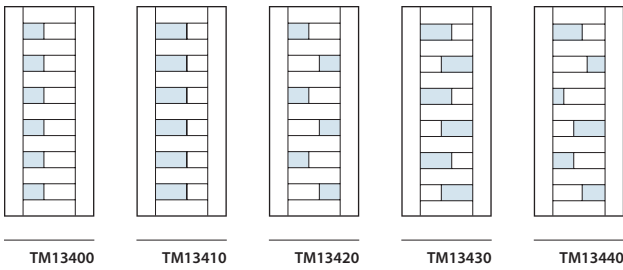

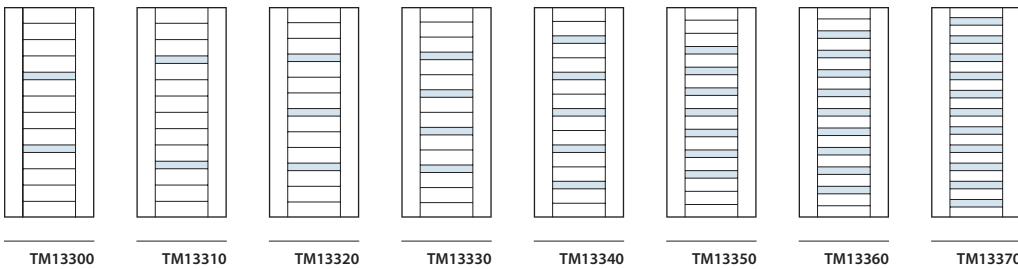

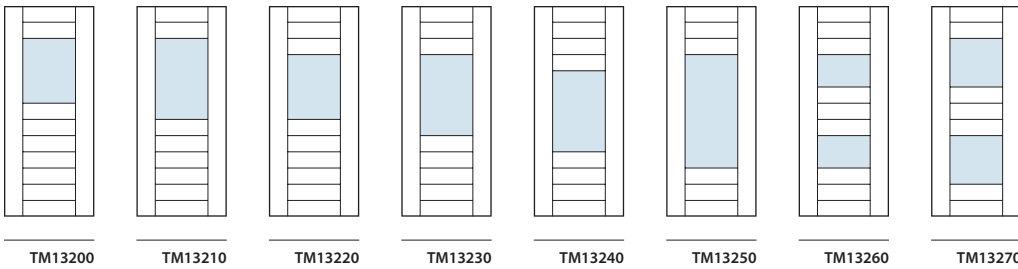

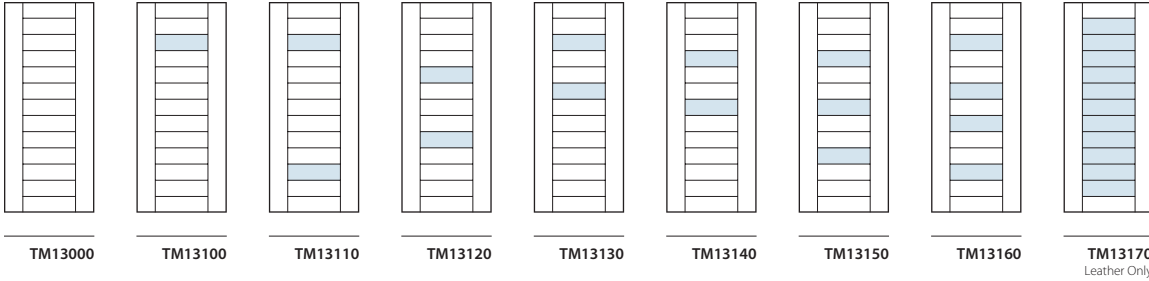

TM13340 in MDF with 1/4" Kerf
Cut Reveal and Frosted Glass

TM Series Door Styles

13-Rail Stacked Rail Door Styles

Note: Door styles are shown with the new modern wide stile. Shaded panels indicate an insert option: leather, metal, glass, resin or a flat MDF or wood panel.

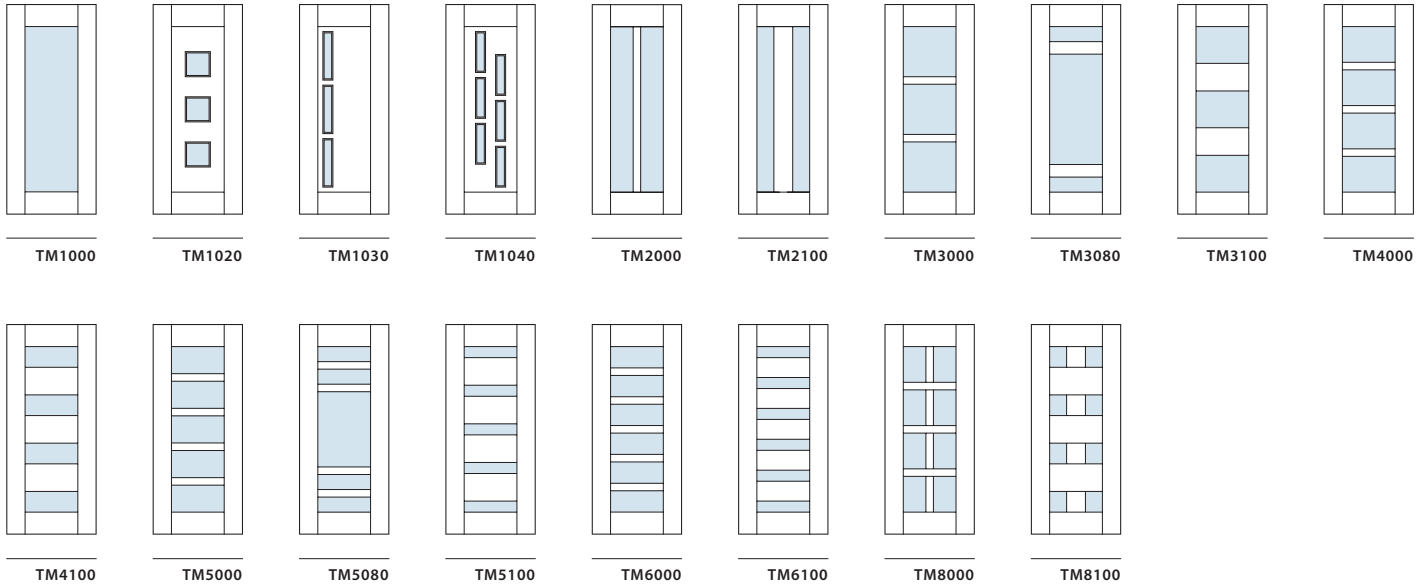

TM1300 in MDF with
1/4" Kerf Cut Reveal

TM2000 in MDF with Quirk (QM)
Moulding and Flat (C) Panel

TM Series Door Styles

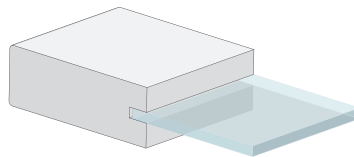

Modern Adaptation Door Styles

Note: Door styles are shown with the new modern wide stile. Shaded panels indicate an insert option: leather, metal, glass, resin or a flat MDF or wood panel.

Profile Options

TM Series modern adaptation designs come standard with two profile options to frame your designed insert.

Square Stick (SS) Compression Fit

Compression fitting not available for leather or metal inserts. Glass cannot be replaced on compression fit doors.

Square Stick (SS) Sash

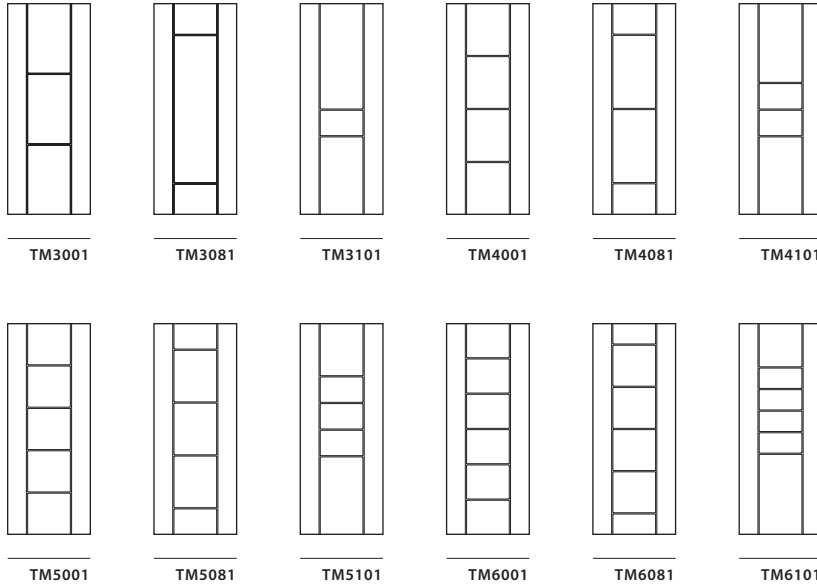

Square Stick sash not available on MDF or wood used as a panel insert. Use One Step (OS) sticking to match Square Stick (SS) sash around panel inserts.

TM4101 in MDF with
1/4" Kerf Cut Reveal

TM Series Door Styles

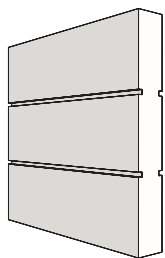

Modern Kerf Door Styles

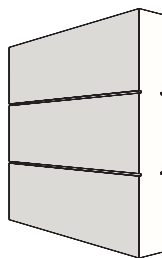

Note: Door styles are shown with a wide kerf configuration (which mimics the appearance of a traditional stile). Also available are narrow, ultra narrow and asymmetrical configurations.

Reveal Options

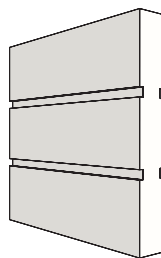

TM Series modern kerf door designs are available with the follow kerf reveals.

1/4" Kerf Cut Reveal

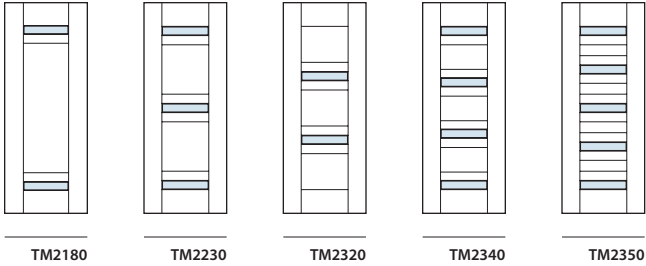

1/8" Kerf Cut Reveal
MDF Only

1/2" Kerf Cut Reveal
MDF Only

TM Series Door Styles

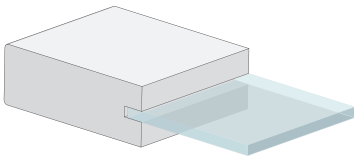

Modern Panel Door Styles

Note: Door styles are shown with the new modern wide stile. Shaded panels indicate an insert option: leather, metal, glass, resin or a flat MDF or wood panel.

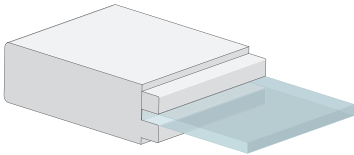

Profile Options

TM Series modern panel designs are available with two profile options to frame your desired insert:

Square Stick (SS) Compression Fit

Compression fitting not available for leather or metal inserts. Glass cannot be replaced on compression fit doors.

Square Stick (SS) Sash

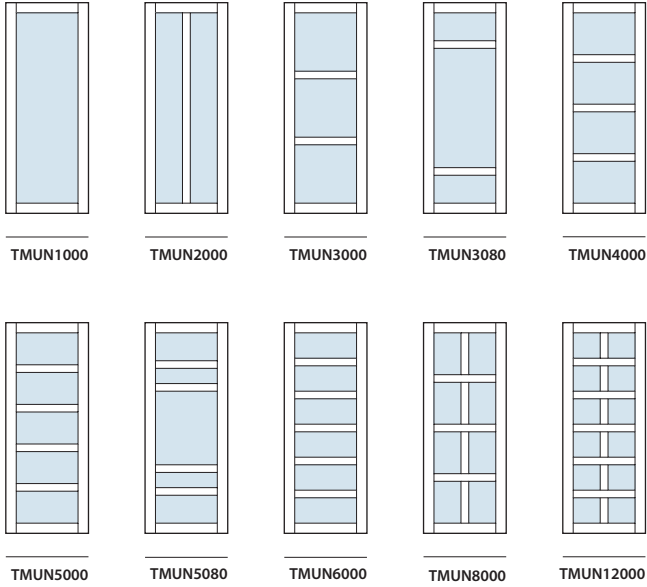

Square Stick sash not available on MDF or wood used as a panel insert. Use One Step (OS) sticking to match Square Stick (SS) sash around panel inserts.

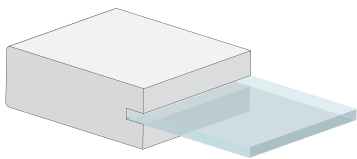

TM2180 in Rift Sawn White Oak with
Ebony Finish and White Lami Glass

TMUN Series Door Styles

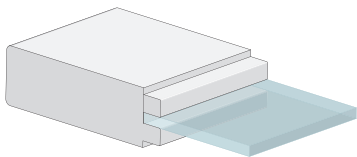

Profile Options

TMUN Series modern panel designs are available with two profile options to frame your desired insert:

Square Stick (SS) Compression Fit

Compression fitting not available for leather or metal inserts.
Glass cannot be replaced on compression fit doors.

Square Stick (SS) Sash

Square Stick sash not available on MDF or wood used as a panel insert. Use One Step (OS) sticking to match Square Stick (SS) sash around panel inserts.

MINIMAL WITH ULTRA IMPACT

TMUN Series Door Collection

We have expanded our popular Tru&Modern Series to include ultra-narrow door styles that bring an all new look to today's sleek interiors.

DISTINGUISHING FEATURES

- Featuring 4" stiles and rails
- Select either MDF or one of our many standard wood species
- All panels can be substituted with glass
- We recommend narrow hardware sets and escutcheon plates with ultra-narrow doors

TMUN3000 Pocket Doors in

Door Design Tool

Configure multiple doors and organize them by project

TruStile's exclusive web-based software allows you to design your own door package. Specify the height, width and location of all components within a door.

Export door schedules, drawings or CAD files to import into your plans

Create multiple doors and organize them by project

The screenshot shows the TRUSTILE software interface. On the left, there are configuration panels for 'Product Type' (Interior Door), 'Opening Type' (Swing), 'Leaf Count' (Single), 'Jamb' (Prehung), 'Door Handing' (RH), 'Door Beveling' (Bevel Lock Side), 'Door Style' (TM13340), 'Door Grade' (Interior), and 'Panel Substitution' (Replace All Panels with Glass). Below these are sections for 'MATERIAL & FIRE RATING' (Material: Walnut, FSC Certified: Yes, Fire Rating: Non-rated) and 'DIMENSIONS' (Gross Width: 34, Pre-Fit Width: 3/16, Net Width: 33 13/16, Height: 96, Thickness: 1-3/8). The main area displays a detailed technical drawing of a door with various dimensions and a cross-section view. On the right, a 'Project: Walker Beach House' summary lists four door lines: Line 1 (Study, Qty: 2, Walnut TM13340, 33 13/16" x 96" x 1 3/4"), Line 2 (Game Room, Qty: 1, Walnut, 31 13/16" x 96" x 1 3/4"), Line 3 (Laundry, Qty: 1, MDF TM9210, 31 13/16" x 84" x 1 3/4"), and Line 4 (Master Bedroom, Qty: 1, Walnut TM9340, 35 13/16" x 96" x 1 3/4").

Over 500 door styles to customize to your needs — available as interior or exterior, pre-hung units or slabs.

An accurate preview is continually updated as you make changes to your door design.

The screenshot shows an Excel spreadsheet with a door schedule for 'Walker Beach House'. The schedule has columns for Line #, Door Label, Qty, Product Type, Opening Type, and Material. The data rows are as follows:

Line #	Door Label	Qty	Product Type	Opening Type	Material
1	Study	2	Interior Door	Swing-Single	Walnut
2	Game Room	1	Interior Door	Swing-Pair	Walnut
3	Laundry	1	Interior Door	Swing-Single	MDF
4	Master Bedroom	1	Interior Door	Swing-Pair	Walnut
5	Master Bath	1	Interior Door	Swing-Single	Walnut
6	Master Bath: W/C	1	Interior Door	Pocket-Single	Walnut
7	Guest Bedroom	1	Interior Door	Swing-Pair	Walnut
8	Guest Bedroom 2	1	Interior Door	Swing-Single	Walnut
9	Guest Bedroom 1: Closet	1	Interior Door	Barn-Pair	Walnut
10	Guest Bedroom	1	Interior Door	Sliding-Pair	Walnut

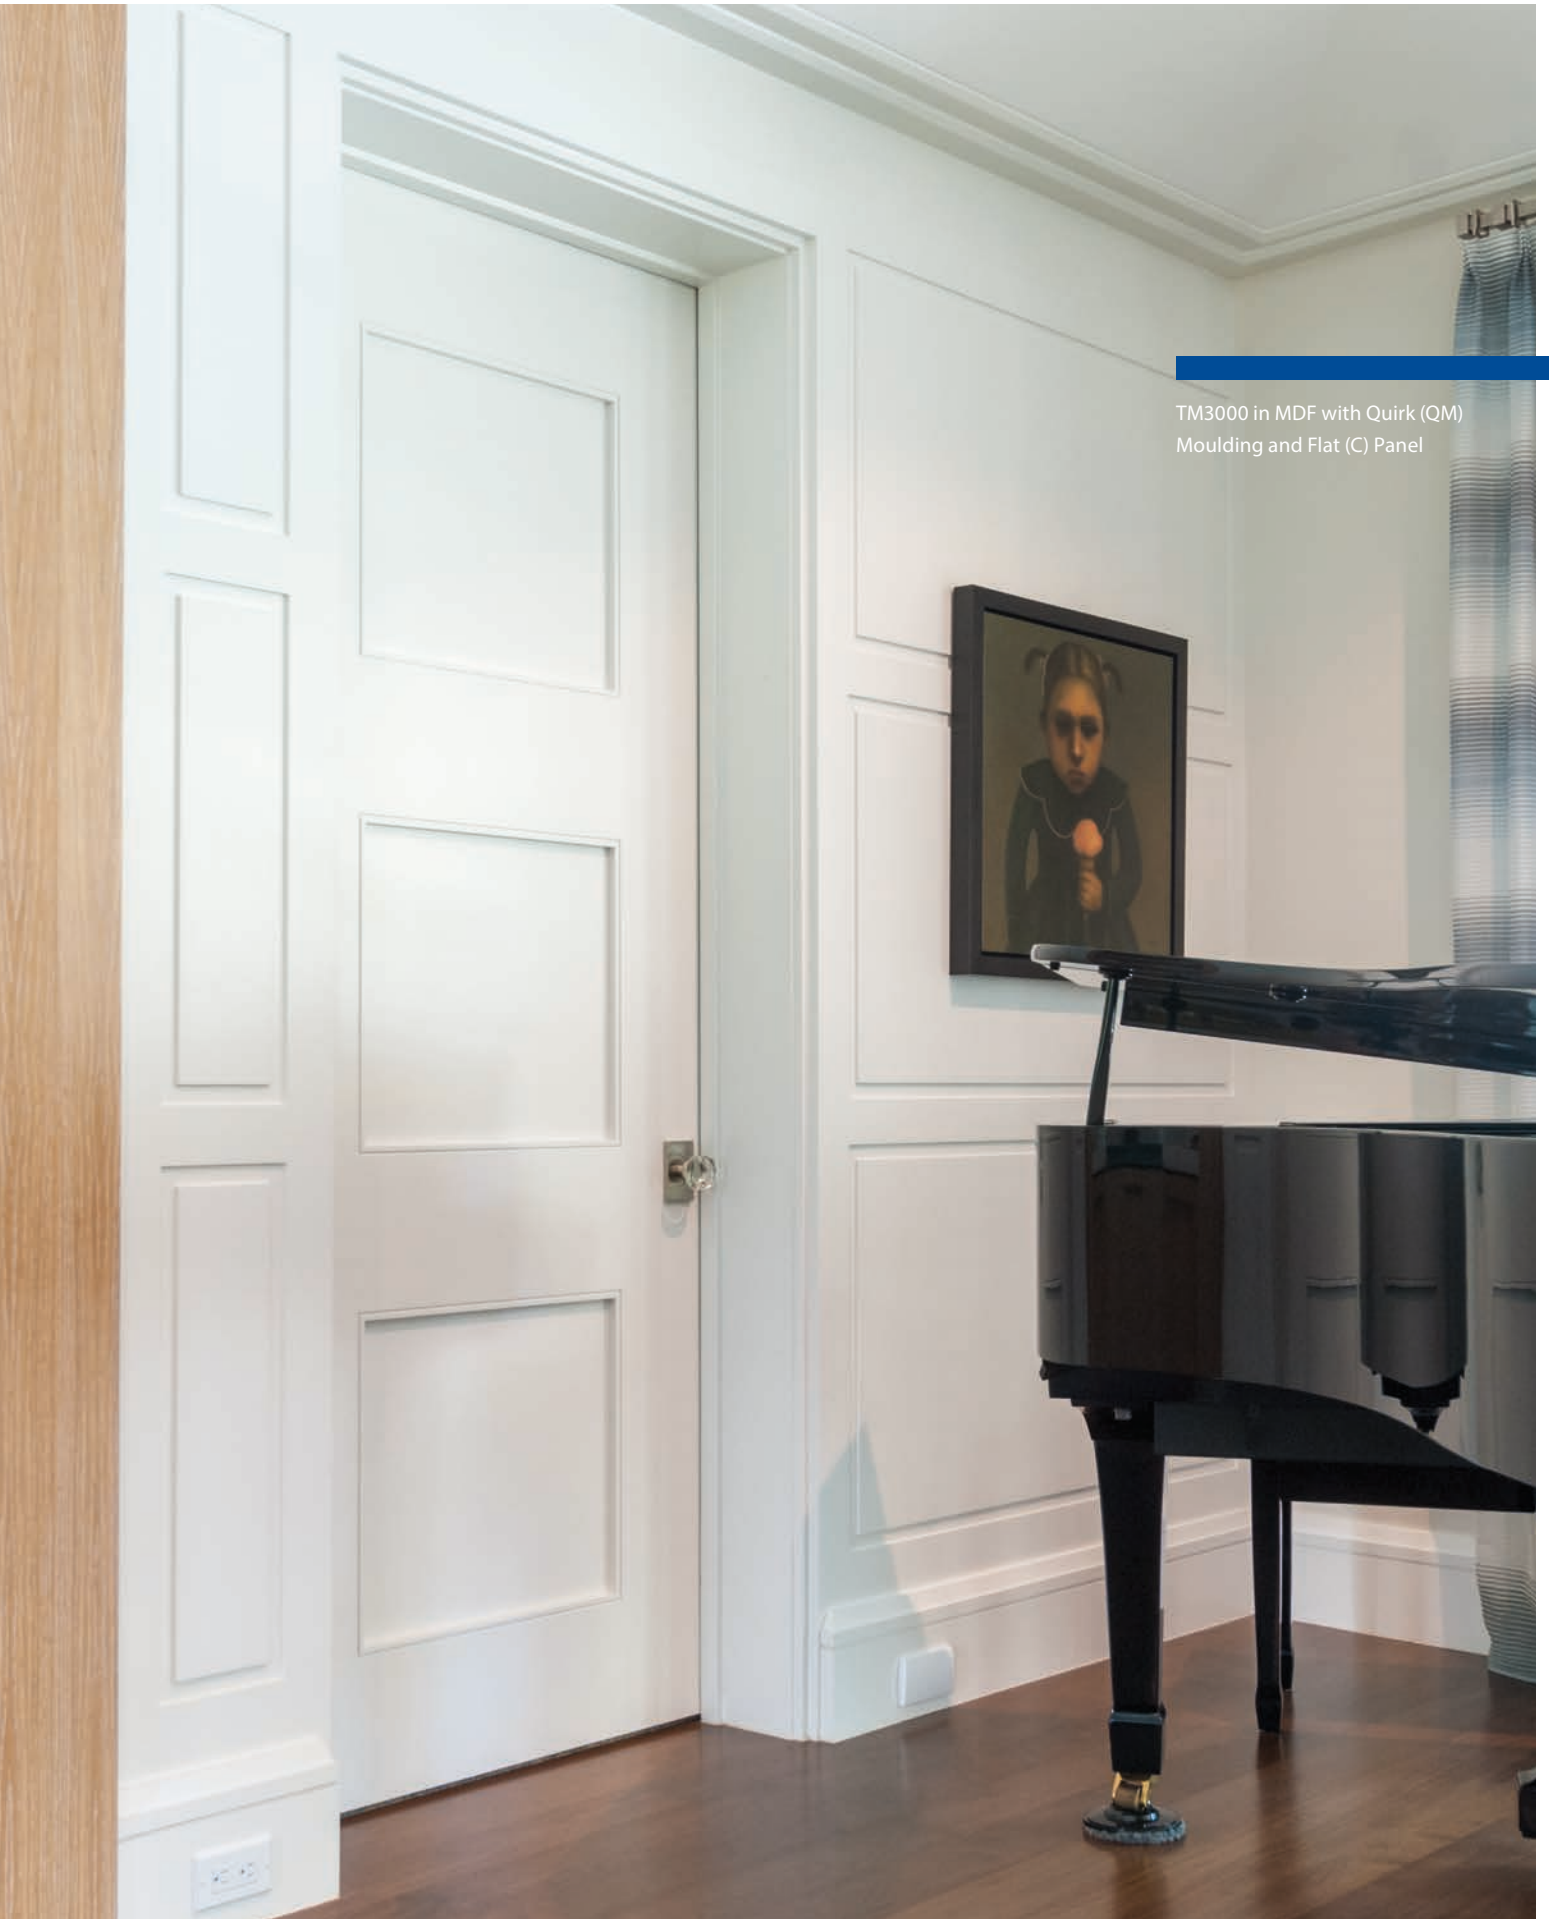

Next to the spreadsheet is a technical drawing of a door, similar to the one in the software screenshot, showing dimensions and a cross-section.

Share Your Project with Other Apps

Door Design Tool projects can be exported as a door schedule that opens directly in Microsoft® Excel, as a PDF of drawings or CAD models to import directly into your plans.
